

# AIRPOT COFFEE BREWING SYSTEM

# CBS 2130 TOUCHSCREEN SERIES

The 3 Liter and 1 Gallon CBS-2131 / 2132 XTS Touchscreen Series Airpot

Coffee Brewers are a perfect hot beverage solution for high volume self-service environments such as convenience stores, cafeterias, specialty coffee shops or office coffee service (OCS). Now experience total control of this fully featured Extractor® Brewing System via an inviting touchscreen interface display that is intuitive, easy to read and simple to navigate.

\* Shown with #D041 Airpot dispenser (sold separately

FETCO
DRIVEN TO INNOVATION

## Perfect taste begins with a simple touch...

## **User Friendly Touchscreen**

Access all controls via an inviting touchscreen interface display that blends intuitive icons with dynamic time and volume data to provide instant visual feedback at any point during programming, diagnostics or the brew cycle.

# Streamlined Programming, Diagnostics and Metrics

The Extractor® Touchscreen Operating System (ETOS) was engineered for quick and efficient navigation through set-up, programming, diagnostics and daily operational brewing modes.

#### **Customizable Screens**

Customize the start screen to tie your equipment and product offerings into a consistent brand message. You can also create and display individual recipe names for quick and easy access to your most used coffee blends.

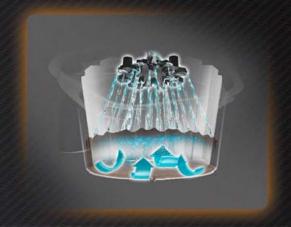

## **XTS™** Series

Driven by a user friendly touchscreen interface and intuitive software, the XTS series represents the next step in the evolution of FETCO's renown EXTRACTOR brewing technology.

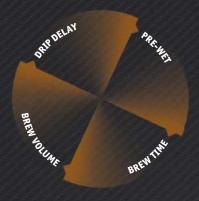

## **Cascading Spray Dome®**

Hot tank water flows through clog-free channels built into the dome and virtually eliminates spray head scale buildup – a leading reason for service calls.

## **Legendary Extractor® Control**

Although designed specifically for smaller batch airpot dispensing, these high quality brewers possess the legendary features and reliable performance you've come to expect from Extractor® branded products.

## **Contemporary Design**

Sleek European cabinet design is attractive and fits well in any front-of-house decor found in cafes, lounges, OCS or corporate breakrooms.

## **Modern Convenience**

Duplicate profiles and parameters to and from any of the batch buttons on a single machine or copy the information to an unlimited number of brewers via a removable SD card (Sold separately).

# **Airpot Dispensing**

Designed for flexibility and portability, vacuum lined pump lever airpots quickly turn virtually any remote location into a hot and fresh beverage service station.

Vaccum Lined Stainless Steel Airpot

#### **Water Specification**

Water Connection Inlet Minimum Flow Rate 1/4" Male Flare Fitting 11/2 gpm [5.7 lpm]

# **Features & Benefits**

	Feature	Benefit
1	Touchscreen Interface	Allows for quick and easy access to brew controls.
2	Brew Basket Sensors	Automatically discontinues operation of brew cycle if basket is removed.
3	Mixed Material Construction	Mixed material is attractive and comfortable in any front-of-house setting.
4	Manual Water Faucet	Safely dispenses hot water away from steam and brew basket.
5	Stainless Steel Finish	Withstands the harshest foodservice environments and is durable and easy to clean.
6	Fixed Dispenser Guide	Helps position airpot directly under brew basket drip hole for spill free brewing.
