EVOKING THE STYLISH 50'S

Retro the latest innovation from award-winning Fracino, reflects the company's upbeat developments. A stylish 1 & 2 group lever espresso machine reminiscent of the swinging era of the 1950's coffee bar.

Manufactured entirely in highly polished stainless steel and constructed using the finest quality components, this 'step back in time' machine is in tune with modern safety standards and is extremely user friendly. Available as electric or gas powered – for espresso on the move.

Key Features

- Unique dual spring high pressure lever group delivering 9BAR.
- Compact design.
- Large capacity top quality copper boiler heated by a multiple looped element or by gas or both.
- Pressure controlled by a triple contact pressure switch. (electric machine only).
- Brass-bodied, smooth-action lever group with stainless steel shower plate.
- Highest powered LPG system in the world provides unrivalled output of coffee, hot water and steam.
- Automatic water level system with a probe, electronic control unit and solenoid valve.
- LPG or Butane fuelled burner equivalent to 4kw electrical power rating, fitted with electronic ignition, and flame failure safety device.
- Boiler pressure is controlled by a gas pressure valve set at 1.0 bar with low flame adjustment which controls the gas burner. Note a 37(LPG) / 30(BUTANE) mbar gas pressure regulator must be fitted prior to installation of the machine. (dual fuel gas machine only).
