

EXPOBAR MARKUS

EXPOBAR MARKUS

It's a solid and technologically advanced espresso coffee machine that will make you enjoy an excellent coffee. It's available in simple version, one boiler, or with independent boilers per group for a perfect control of the coffee brewing temperature.

EXPOBAR MARKUS is equipped with independent switchboards that will allow you to program the different doses per group. Besides it has an optional advertising display, that will be an excellent showcase to present the information you wish.
